The work of building new offices for Messrs. Spence, Rutherford, MacAlister and Coleman (solicitors), will shortly be put in hand. A tender has been let to Mr. W. Simmons, contractor of Stratford, and the building is to be completed by March 31. The completed cost will be in the vicinity of £5000. The whole of the building will not be required by the firm, and a portion will be let as offices, for which there is even now a fair demand in Stratford.
