

WAVERLEY NOTES.

NEW BANK OF AUSTRALASIA PAYMENTS FOR BUTTER FAT THE A. AND P

(From our Travelling Reporter.)

WAVERLEY. Dec. 20.

The old Bank of Australasia has done good business for over thirty years, and it will shortly have to give place to a more up-to-date banking premises, a contract having been let to Messrs Walpole, Darlington and Patterson, of Wanganui, for the erection of new premises in brick. A start has been made in levelling the large pines, and getting things ready generally for the up-raising of the new structure, on the corner section next the present bank building.
