

Show Your Pals and Rivals the Way with a "Harley."

That's the privilege of the Harley owner—the privilege of superior power, superior speed, and superior comfort.

You will see the Harley wherever there is hard work to be done; long distances to be covered, and gruelling conditions to be overcome. A machine that has earned and is holding its popularity by sheer reputation alone.

Come along to Stainton's and give this master machine a try-out.

EASY TERMS.
